CAREER OBJECTIVE

Motivated entry-level Front-end Developer with hands-on experience in building responsive and dynamic web applications using Angular, TypeScript, and modern front-end tools. Proven ability to collaborate with cross-functional teams and deliver high-quality user experiences.

EXPERIENCE

Front-end Developer - MCTS Software House

October 2023 - August 2024

- Developed responsive user interfaces for HR systems using Angular and Bootstrap.
- Collaborated closely with the UI/UX team to ensure cohesive and functional designs.
- Improved code maintainability and performance using modular structures and best practices.

EDUCATION

Bachelor's Degree in Business Information System .
Higher Institute for Business Information System .

PROJECTS

Fresh Cart E-commerce - [Live](#) | [Repo](#)

- Developed a dynamic Angular application with a scalable, component-based architecture.
- Implemented Reactive Forms with Angular Validators to ensure robust form handling and user input validation.
- Designed a sleek, fully responsive user interface using Tailwind CSS, ensuring consistent design across all devices.
- Managed state and real-time data streams using RxJS for smooth API interactions.

Recipe App - [Live](#) | [Repo](#)

- Developed with Angular 19 for high performance and a scalable, component-based architecture.
- Designed a modern, fully responsive UI using Sass for custom styling and Tailwind CSS for utility-first design.
- Consumed real-time APIs via HttpClient and managed asynchronous data streams effectively using RxJS.

Note App - [Live](#) | [Repo](#)

- Utilized Reactive Forms with Angular Validators for robust form handling and validation.
- Designed a sleek, fully responsive UI using Tailwind CSS for modern, mobile-friendly layouts.
- Integrated PrimeNG UI components to enhance the application's user interface and interactivity.
- Improved user performance and experience.

Aithm - [Live](#) | [Repo](#)

- Implemented a fully responsive design using Bootstrap for consistent layouts across all devices.
- Integrated interactive slider components to enhance user engagement and visual appeal.
- Collaborated effectively within a team environment, utilizing GitHub for version control and workflow management.
